### Who Is An Addict?

“Most of us do not have to think twice about this question. *WE KNOW!* Our whole life and thinking was centered in drugs in one form or another- the getting and using and finding ways and means to get more. We lived to use and used to live. Very simply an addict is a man or woman whose life is controlled by drugs. We are people in the grip of a continuing and progressive illness whose ends are always the same: jails, institutions, and death.”  
Pg. 3 of the Basic Text.
